Street Sweeper Parking Enforcement Will Resume February 1, 2021

SEAL BEACH, CA. – The State of California has recently moved Orange County into the Purple Tier. As a result, the Seal Beach Police Department will resume Street Sweeper Parking Enforcement on Monday, February 1, 2021.

The Environmental Protection Agency identifies street sweeping as a Best Management Practice (BMP) for water quality control improvement. It removes trash and debris, sediment, fertilizers, heavy metals, and floatable material before it can reach our oceans. In order to ensure the health and safety of the Seal Beach community and waterways, street sweeping enforcement will resume.

On Monday, February 1, 2021, street sweeper parking enforcement will resume and citations will be issued for those who do not move their cars.

“Street sweeping is critical to help keep the rivers and oceans clean,” said Seal Beach Director of Public Works Steve Myrter. “By not cleaning the streets, pollutants and debris are allowed to flow off the streets into the City’s storm drains and ultimately into the ocean. Street sweeping helps keep Seal Beach beautiful and healthy.”

For questions about parking enforcement, please contact the Seal Beach Police Department Traffic & Parking Division at (562) 799-4100 ext. 1119.
